Being a part of the journey that SSF lady 5030 has had this spring and summer has certainly been something we will never forget. We have thoroughly enjoyed working with the Ferree/ Fitzgerald families and crew and give them all the credit for her amazing presentation. It is exciting for us to be able to offer five sisters to 5030 in this sale and we think this full sister will demand your attention and respect right off the bat. There are so many similarities to her sister but she is a little stouter and comes in an older and more mature package than her sister did last year.

As you will see in this sale we have never had a bull that the Lady Impression cow has not worked with. This mating to No Limit brings the famed Sandy cow family as well as Dameron First Class to the table. This female is incredible in her length and depth of body and works off a tremendous hind leg. We offer these great female's with our great friends Lanis and David Smith.

AI'd to PVF Insight with Sexed Heifer semen; due January 26, 2022.

If it had not been for a horrible recip and this female basically being orphaned, she would have been a show heifer. This Tradition of 24 daughter has extreme quality and added size and extension. We have been trying very hard to bring it as much in our bred heifer group as our show heifers. We are very proud to offer this set and this female.

AI'd to Conley South Point with Sexed Heifer semen; due January 23, 2022.

This another bred of extreme quality and another beautiful daughter of the Lady Impression cow. We love our Native Joe cattle and plan for him to continue to be a part of our breeding program. Connor Dupler bought a bred heifer out of last year's sale bred to sexed semen and had an incredible heifer calf. That heifer calf just won her Division at the Ohio State Fair and I can see him doubling his money on her first calf. That's what we are going for with these breeds.

One reason we have gravitated to the Lady cow family is because in our experiences no other show cattle producing cow family offers more functionality and maternal cow power. We raise show heifers but still want you to have a beautiful Angus cow when you are done. This female will have no trouble completing this task as her mother is one of the most ideal cows on the farm.

LOT 54A - Cattle don't necessarily have to have a really long neck to survive, but like it or not it's still going to get you more banners and backdrops in the show cattle world. This one is as long and attractive through her front one third as any in the offering. She combines this with being long spined big bodied and good moving. This is a national level competitive female.

LOT 54B - This is a smooth made big bodied heifer that will catch a lot of eyes. This one is very easy keeping and will not require a lot of feed which is an added bonus. This is a really nice heifer from a really Proven mating.

LOT 54C - It's always a good idea to have a marketing plan for your show heifer after her show career. That is why cow families and pedigrees are so important. This female has a lot of successful full sisters that will be useful for advertising.

| SSF ADRIANA PRIDE 2103 | SULL STOCKMAN 8404 | MEPD 14 |

The SULL Stockman cow was made famous by Sullivan Farms making National Champion ShorthornPlus' for years. We think this Saugahatchee daughter of hers has produced an Angus heifer calf destined for big things. This young heifer calf is incredible in her structure and has tremendous balance. She offers the outstanding hair coat that is so desired in today's Angus shows as well.

GENERAL INFORMATION

Feeding & Showing Terms: We pride ourselves in the professional way we exhibit your purchases. Here, at Cates Farms, we employ some of the best fitters in the business at both the farm and the shows. We spare no expenses to exhibit your cattle to ensure your success. The charges below are not designed for us to make money, rather to insure we can continue to offer the best service to you. Each animal that will be located at Cates Farms show barn will be charged \$25/day. Each animal will be charged \$250/day while attending shows with Cates Farms crew. This will cover all expenses while at shows. All animals must be insured while in our care/possession. Any veterinary expense above routine will be owners obligation. All accounts will be billed monthly. **Breeding Update/Calving Information:** There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog. **Flushes:** All females in which flushes are retained, semen will be provided by Cates Farms. Flushes to take place in new owner's possession. Cost will be split. On all flushes sold, Cates Farms will offer semen on any of our bulls. **Breeding Guarantee:** All cattle sell under the Standard Breeding Guarantee recommended by the American Shorthorn Association. An exception would be through mishandling either obesity or under nourishment and illegal practices associated with showing the female. **Registration & Transfer:** All animals sell with completed pedigrees or applications for registration. **Location:** The sale will be held at the farm which is located one mile east of Modoc on Route 36, on the north side of the road. **Air Travel:** There are commercial flights to Indianapolis, Indiana, and Dayton Ohio. There are private paved strips at New Castle and Winchester, Indiana. **Terms:** The terms of the sale are cash or check payable to Cagwin Cattle Services, Inc. Payment to be made to the clerk immediately following the sale and before the cattle are removed from Cates Farms. Purchasers or their representative must sign

the bill of sale prior to leaving the sale site. **Billed Accounts:** All billed accounts are due and expected within 10 days of the sale date. **Insurance** will be available for your purchase at the sale through Harding & Harding. Contact either their representative or the clerk at the settlement desk. **Health:** Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All vaccinations are up-to-date and cattle born at Cates Farms have been vaccinated. A list will be available on sale day listing any non-vaccinations. **Announcements** made sale day will take precedence over printed material in this catalog. **Genetic Conditions:** We apologize that the results for all genetic conditions are not done at the time of the catalog. We at Cates Farms feel it is very important to have all carriers identified we also believe cattle with these genetic conditions are still as valuable and useful as before. It is up to us as breeders to simply be responsible when mating them. Complete results on all genetic conditions should be done by sale day and will be provided to you on an added sheet. **Liability:** Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending. **Transportation:** The Cates Families will make every effort to assist you in your transportation needs. Local trucking will be available. **Mail Bids:** Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of Cagwin Cattle Services, Inc., a special representative, a sale consultant or a member of the Cates Farms firm far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

THE ANNIE LU'S

62 SSF SKY ANNIE LU 5011

ANGUS Cow | BLACK | 05.01.2021 | 5011 | AAA 20099086

| | O S U EMPRESS 2134 | MEPD 25 |

Bred to Conley South Point; due October 2021.
This has been a really good Productive female for us. She was our pick of all the Dameron Bred heifers the year we bought her. Her first calf was a tremendous bred heifer that equaled her purchase price. She then raised a \$13,000 Watchout family that went to our good friends, the Hutchins family. That heifer went on to win her class in Louisville in both the open and junior shows. We bred her Back to Watchout to try and replicate that female.

AI'd with Sexed Heifer SSF South Point; due March 6, 2022.
This is a very impressive young female that has been admired all her life. This female has an incredible amount of volume on top of a very sound skeleton. She has a very cool and intriguing pedigree and mated to sexed South point we feel this female is a definite sale feature.

Bred to Conley Turning Point; due March 20, 2022.
 This heifer definitely impressed us on sale day. She was little later maturing and younger always, but wowed us with her attractive presence and tremendous structure in the picture pen. Our Watchouts are absolutely the best cows we have, and the Georgina cow family has been known to make a few good ones as well.

We have been very fortunate to have great luck with the Angus steers we have sold in previous sales including the Champion Angus and Fifth Overall Steer at the Hoosier Beef Congress. We feel like this young calves completeness, striking profile and good muscle shape make him a very intriguing prospect for any young showman.
